FEATURES

- Constructed from solid oak with real oak veneered panels.
- High strength, moisture and heat resistance provided by two-part polyurethane lacquer.
- Rounded top and corner posts.
- Doors and drawers fitted with adjustable soft close features.
- Drawers constructed from solid wood sides, front and back, with inner dovetail box and drawer front mounted to face.

BENEFITS

- Solid oak frame provides strength combined with the stability of veneered panels.
- Easy clean and suitable for use in most care environments.
- No sharp edges provide safe furniture for care conditions.
- Prevents damage and noise from slamming shut.
- Dovetails provide extremely strong structure while drawer fronts mounted to box offer increased strength and longevity.
